

LAC QUI PARLE MONITORING PLAN FOR BUFFER COMPLIANCE TRACKING

§103F.48 RIPARIAN PROTECTION AND WATER QUALITY PRACTICES

1. COMPLIANCE TRACKING OF ALL PARCELS SUBJECT TO THE BUFFER LAW

All parcels in the county are to be reviewed within a 3 year timeframe. The SWCD will review all parcels based on townships once every three years. Townships will be divided as shown in the map below.

2. RANDOM SPOT CHECKS

Random spot checks will be done in addition to the tracking of all parcels within a 3 year span. These checks may be conducted via aerial photo review or on-site review depending on availability of updated aerial photos and the practice that is being checked/access to farms. A combination of both aerial and on-site review may also be used. The SWCD will conduct site checks on 7% of all parcels randomly. Additionally, the SWCD will review parcels of emphasis more frequently. Parcels of emphasis include previously non-compliant parcels, approved alternative practices, variable width buffers, practices that have received financial assistance, and potential violations. This list is not meant to be exhaustive and lists only some potential reason for emphasis.

3. PROCESS TO HANDLE COMPLAINTS

The SWCD will review complaints received from the public within 10 business days of receiving the complaint. Complaints may be submitted to the SWCD by using mailing the form located on page two. Only the landowner will receive a copy of the site compliance report following a complaint. The landowner will not receive a copy of the complaint.
